A DECADE OF SUCCESS

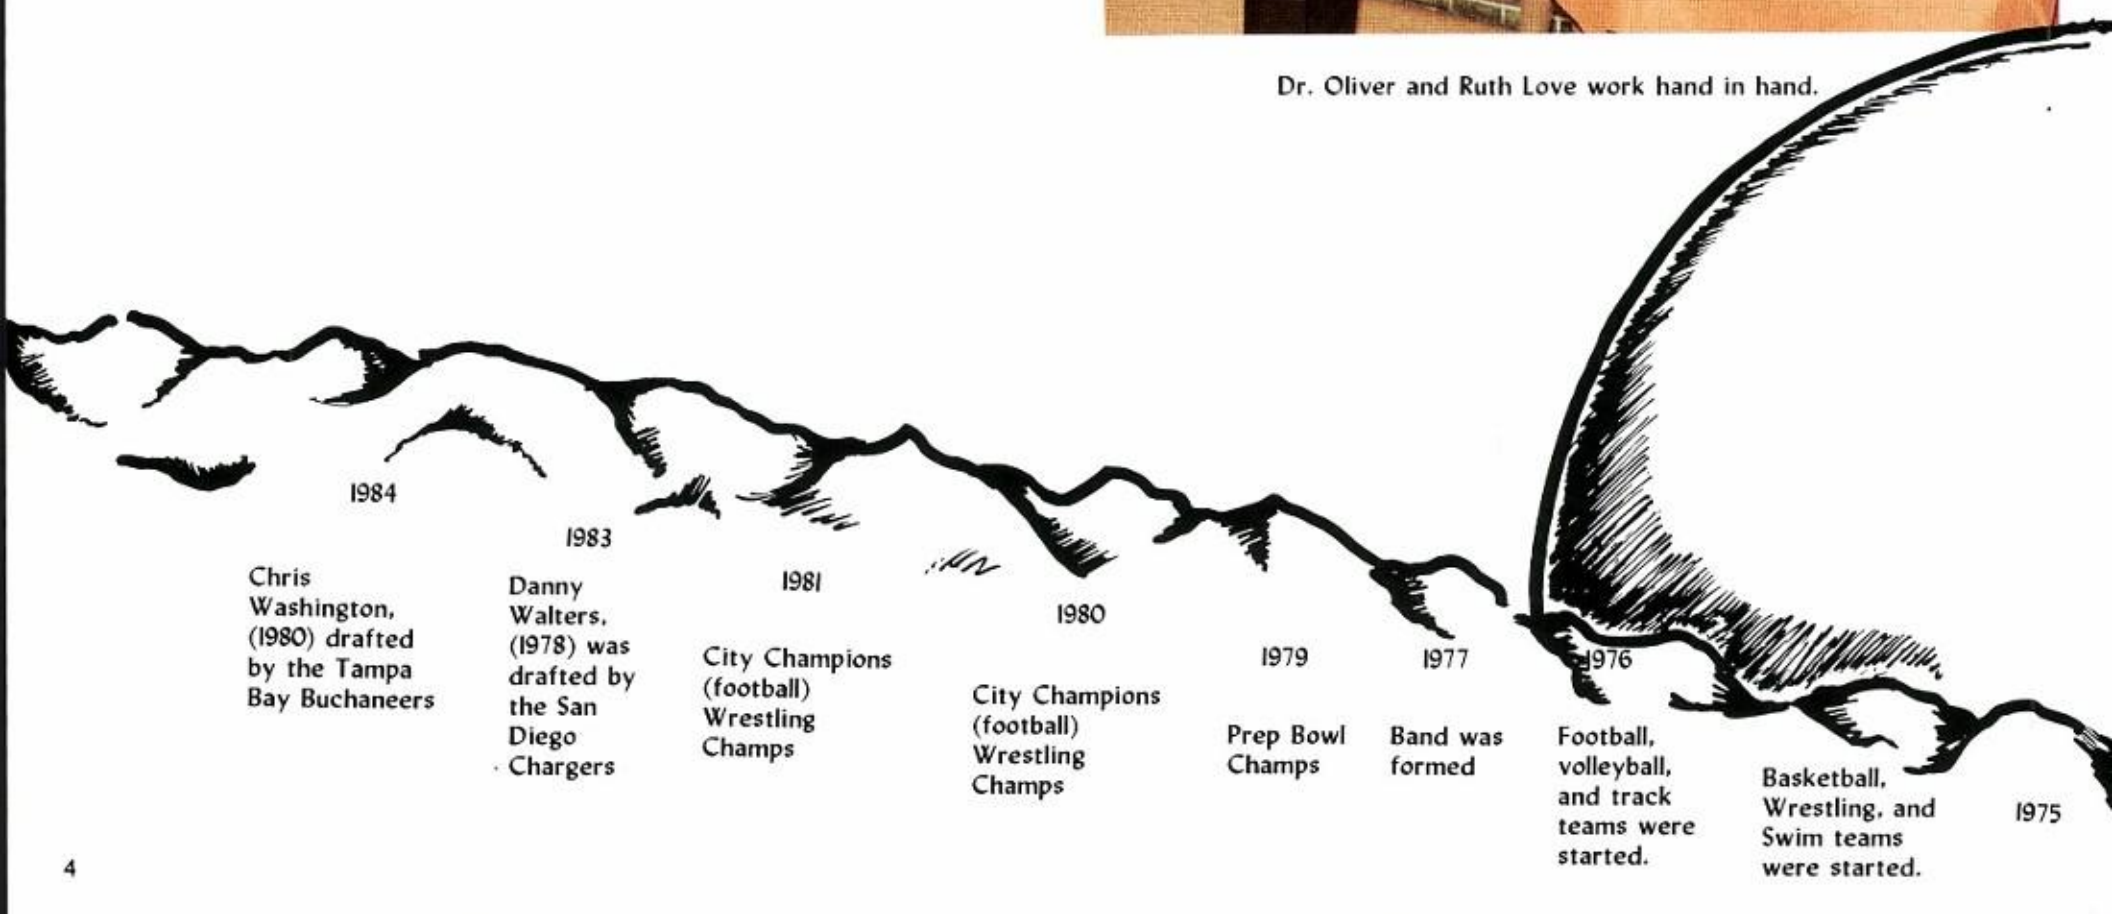
Athletics is a part of education too.

The community and Julian come together.

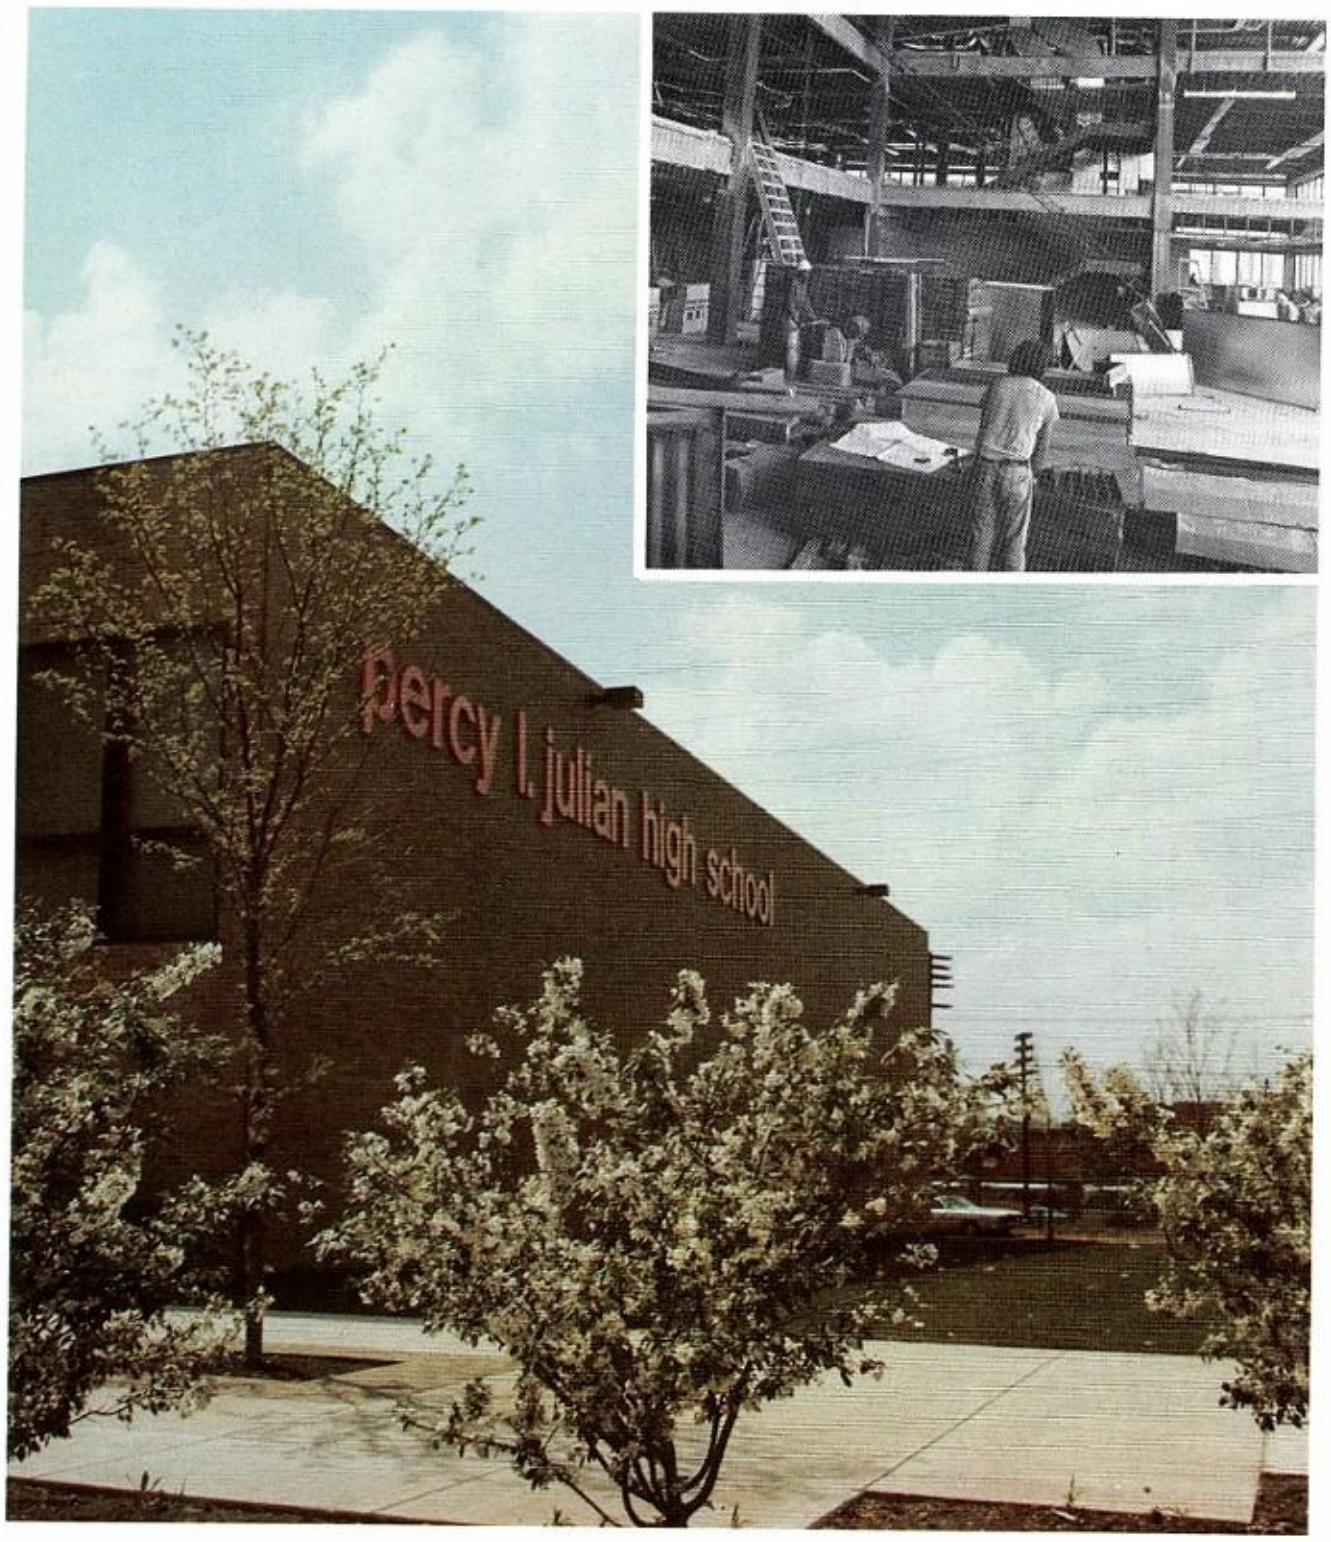
Julian's Time Line Of Success

This time line depicts ten years of Percy Julian High School's success with Dr. Edward H. Oliver as the head administrator. Ten years ago Julian began climbing the mountain of success with Dr. Oliver and is on it's way to the top, some of the many accomplishments of Julian High School both athletic and academic through the ten years of it's existence were placed on Julian's time line of success.

Dr. Oliver and Ruth Love work hand in hand.



WITH DR. EDWARD H. OLIVER



Dr. Edward H. Oliver

Percy L. Julian High School opened in 1975 as a means to eliviate overcrowding of neighboring schools. Percy L. Julian High School was to be considered a school within a school using the house concept.

The houses were named from the Greek Alphabet considered the seat of knowledge; Alpha, Beta, Gamma, in which 1,895 students were divided. Based on the student population first entering Julian, the curriculum was strongly geared towards meeting a full spectrum of academics including basic essential courses. Now in 1985 the curriculum ranges from basic to college level courses in all disciplines.

In the beginning there were few athletic teams. Through the years Julian has grown and prospered into a school respected for it's athletic accomplishments.

All these things and more were done at Julian High School and certainly would not have been possible without the help and guidance of Dr. Edward H. Oliver, who was selected by the community to be principal. Dr. Oliver was present at the opening of this institution and is still working hard to continue it's progress. Our principal and the community have struggled over the years to nurture Julian into the school it is today.

As Fredrick Douglass said, "If there is no struggle there is no progress". Dr. Oliver and the community have put up the struggle and as a result Percy L. Julian High School has progressed.

THE JAGUARS MARCH TOWARDS

Our homecoming parade, the marking of a 10 year celebration, was organized by our Student Council sponsor, **Mrs. Allen**. Mrs. Allen says that organizing the homecoming parade comes with a lot of nerve racking pressure, but she manages to deal with the pressure each year. This year she was assisted by the Student Council officers and representatives, but her most trustworthy and dependable helpers were **Merle Kimbrough** and **Kenneth Jordan**.

Merle and Kenneth are already looking forward to organizing the 1985-86 homecoming festivities. Merle explained that as an elected Student Council officer, she is required to assist with festivities. They enjoy the job even though it is laborious. Kenneth and Merle have learned a lot about organizing activities from Mrs. Allen. They agree she is a bit old fashion, but open minded and a great person.

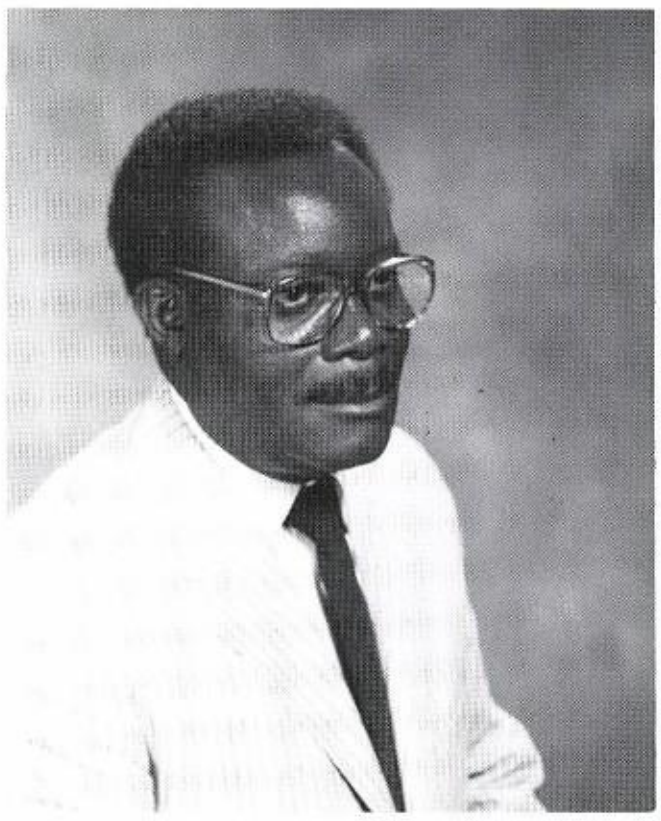
THEY OFFER ENRICHMENT TO STUDENTS

How has P.J. High School changed?

MR. MC KINLEY BRISTER

Our ADMINISTRATIVE ASSISTANT PRINCIPAL, McKinley Brister says that he hasn't seen any changes at Julian High School where the staff is concerned. However, he feels that students do not respect themselves and their peers as they should. Mr. Brister believes that respecting one another would make the school environment much better.

Mr. Brister's advice to juniors is to do well now, and start planning for college and your future as soon as possible. Finally, he says "Expect The Best and The Best will come To You."



MR. MC KINLEY BRISTER

MISS ANN SWILLEY

MISS ANN SWILLEY

The ASSISTANT PRINCIPAL of CURRICULUM and PROGRAMMING, Miss Ann Swilley, says that she has seen many changes at Julian since she has been here. The biggest change has been in the students. "Students do not take education as seriously as they used to, I don't think they realize how useful it will be to them in the future," says Miss Swilley.

Miss Swilley's advice to graduating seniors is to study hard and think positive. She believes one can achieve whatever one desires.

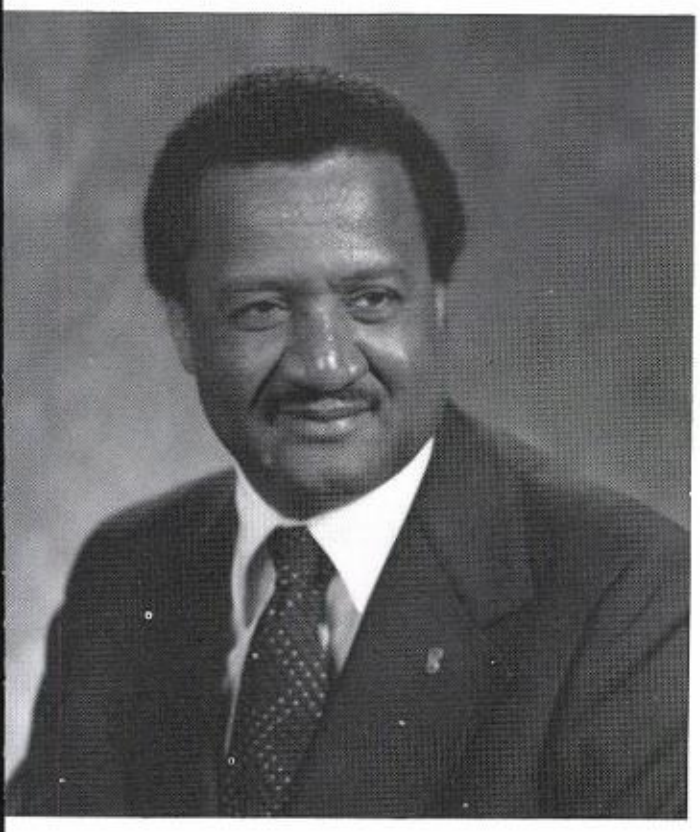
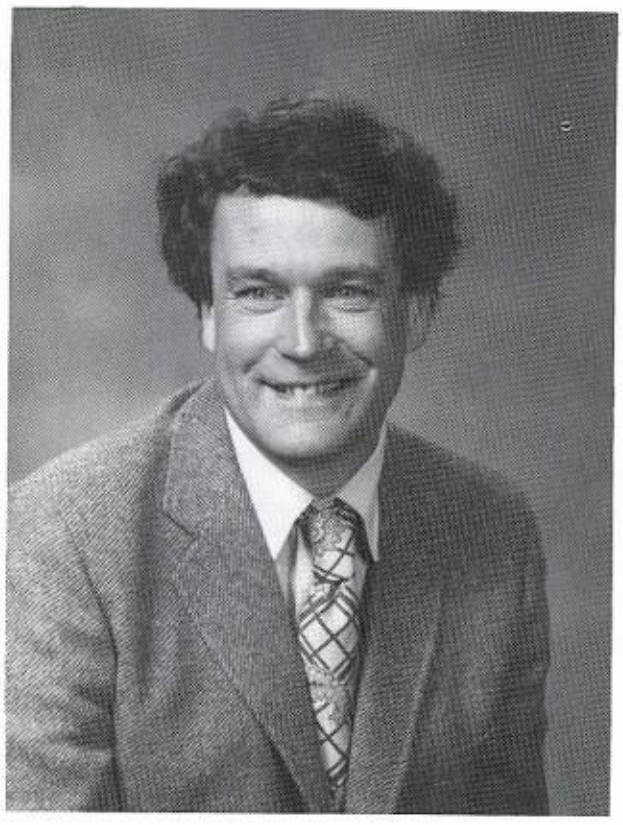
DEDICATION IS THEIR WORD



Mr. Andrew Hunt



Mr. Earl Jeffrey

MR. EARL JEFFREY, the BETA HOUSE ASSISTANT PRINCIPAL has seen changes in the students since he has been here at Julian. They don't apply themselves and they are not as respectful as they use to be towards adults and their peers.

Mr. Jeffrey's advice to sophomores is to get into the books now, start off good, keep up the good work and you will finish on top.

MR. ANDREW HUNT, the ALPHA HOUSE ASSISTANT PRINCIPAL has seen changes in the departments since he has been here. The language department has gone down and we are in great need of an Assistant Principal in Gamma House.

Mr. Hunt's advice to "WIDE EYED" freshmen is to learn good study habits now and you will excel in the future.

Mr. Hunt explaining to freshmen students the rules at Percy L. Julian High School.

Mr. Jeffrey returns Chris Jones' ID after a conference.

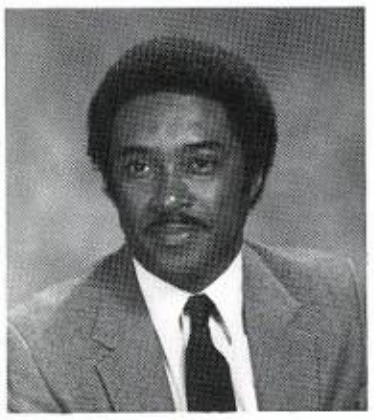
SPOTLIGHT ON OUR

Mrs. C. Ragan

Mrs. Ragan counsels the freshmen and juniors this year. One thing that keeps her busy is the question, "Can you help me find a college?", coming from the juniors. She always replies, "of course." Mrs. Ragan says there is a college for everyone, financially and academically, but you must have a definite plan to follow.



Mr. J. Washington

This year, **Mr. Washington** handles the complaints, questions, and requests of all the classes, freshman through senior in Miss Addison's absence. Mr. Washington says he enjoys his job because of the satisfaction he gets from association with the students and watching students become mature and responsible young adults.

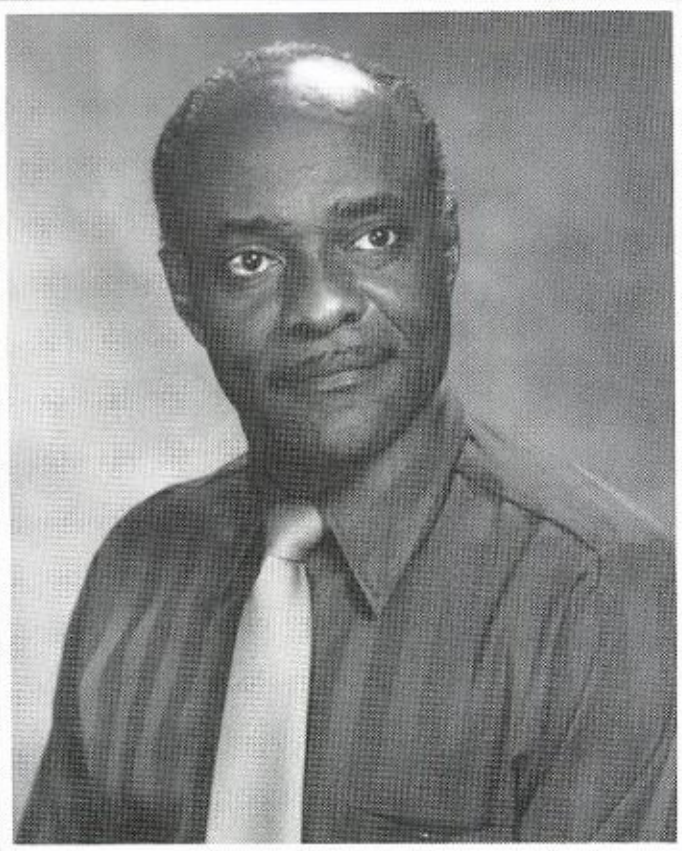
SUCCESS IN LIFE



Mr. Ulrich Bien-Aime

Mr. Ulrich Bien-Aime, our French and Spanish instructor, gives Julian H.S. an international flavor. He was born and raised in Haiti and completed all of his formal education there. After coming to the United States, he joined the Chicago Board of Education. Before coming to Julian in 1975, Mr. Bien-Aime taught at several other schools. Mr. Bien-Aime is very friendly and well liked among the students. He says one of the things he enjoys most is teaching foreign language at Julian High School.

BLINDING US WITH

Mrs. Phyllis Goodson

Mrs. Goodson has been teaching at Percy L. Julian for 10 years. As a biology teacher she feels one should learn the fundamental basic concepts of biology so these concepts can be applied to life. To Mrs. Goodson science means knowing there is more to learn about life because in this discipline one can never know too much.

Mrs. Goodson feels that all of her students have a tremendous amount of potential hidden within and it is her duty to help the students dig it out. The advice that she gives to her students is to have confidence in themselves so they can get ahead in life.

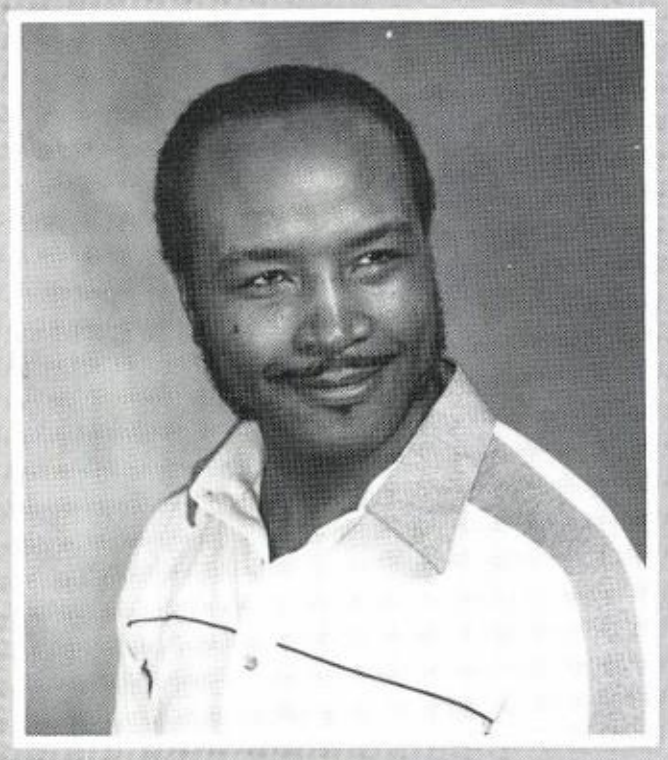
SOMEONE



Mr. Donald Prentiss

Mr. Prentiss has worked at Percy L. Julian H.S. for 10 years. As a student he attended Macintyre Elementary, Bowman High, Tugaloo University, I.I.T., Chicago State University and University of Illinois Circle. His ambitions were to become either an Aeronautical Engineer or a Mathematics teacher. Fortunately for us, he chose the teaching profession. He began his career teaching mathematically deficient students and had planned to teach only 3 years, but he began to enjoy his job and continued teaching. He now teaches computer programming with math and science applications. His goal as a teacher is to bring students up to level in math. When asked how he viewed his life, he replied: "I feel that I am successful, and I enjoy what I do, but I am not as pleased with some aspects of the teaching profession, namely the past contract dispute. I also feel that teaching is not as rewarding as it was in the past." He acknowledges that students are still trying to learn and still have the same goals, but they don't put enough time and energy into attaining them. To all graduating seniors he says: "Work hard and strive for your goals, you may not see success right around the corner but in due time success will make itself known."

Mrs. Gulbeaux has been teaching a total of ten years at Percy Julian High School. She feels she has contributed to the student's education as well as to the development of the curriculum. Mrs. Gulbeaux does not feel any changes should be made at Julian. Bright colors and creative activities have always been an interest of hers, so becoming an art teacher was natural. The family atmosphere here at Julian makes her feel at home. Mrs. Gulbeaux dislikes the fact that some of her students don't take learning seriously, but feels this is the situation at most schools in 1984.

Generally, everyone will succeed in her class because of her special teaching technique, which involves total student participation in every lesson.

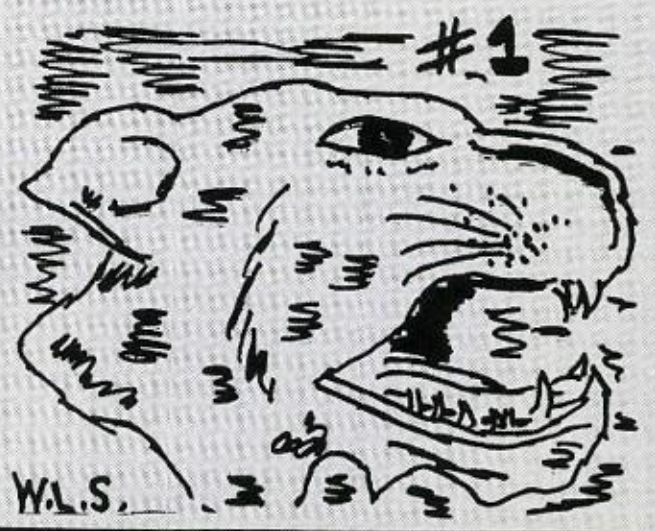
Coach J. W. Smith

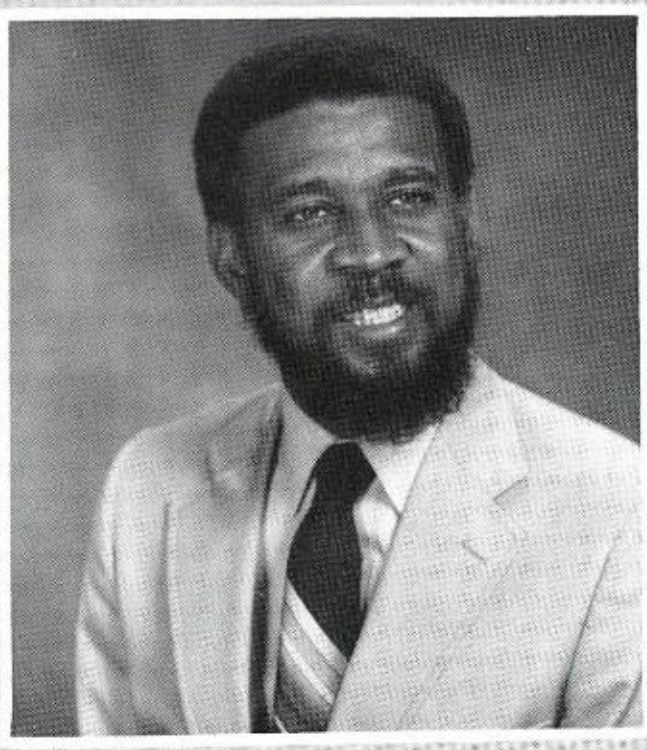
How can a person, a team, and a school become number 1? According to Coach J. W. Smith, the key to success is a yearning for a goal, hard work, discipline, and dedication. Coach Smith has been teaching for twenty-one years, ten of which have been dedicated to teaching and coaching at Percy L. Julian High School. He feels coaching keeps him going strong and gives him an opportunity to help men in their youth become productive citizens.

Coach Smith is both an inspired man and an inspiring man. He was inspired by the late Judge Duke Slater, the first Black Circuit Court Judge of Chicago, He recalls, one of the biggest thrills of his life was meeting Judge Slater. Coach Smith inspires his students and players with his steady confidence in them. He encourages them to learn from both good and bad experiences, saying, "Every experience should be a learning experience."

As a Physical Education teacher, he thinks swimming safety is the most important skill a student should learn. If a student does not follow instructions, he puts himself in life threating situations. Coach Smith notes Julian as having a deep sense of of pride and tradition, even though the school has only been serving the community for ten years.



GETTING DOWN



Mr. Harry Simmons

"My goal is to evoke the best in my students," says Mr. Harry Simmons, instructor of data processing and computer skills. Mr. Simmons earned degrees from Chicago State University and Roosevelt University. He decided to become a business teacher because of the desire to teach an interesting, useful and enjoyable subject to himself and students.

Prior to joining the Julian family, he taught at Dusable and then Kenwood Academy. Fortunately our Mr. Simmons has no desire to leave the classroom environment. In fact, he loves his career and urges all students to make preparations for their vocation so they too, can be satisfied.

Only 7 years background in Radio/TV productions, a FCC General Class License, 500 shows award, experience on Channel 38, Channel 5 (trainee) and PBS WSIU. His advice to others interested in this field is to study as much as possible. This consists of outside work such as going to the library and getting hands on experience in a shop class like electronics. After rehabilitating the radio/tv program at Julian H.S., Mr. Davis plans to work at a major network or start his own production company. In his spare time, He enjoys dancing, tennis, reading and traveling, but most of all he enjoys producing. Mr. Davis' expectations of a student is to be serious about the business because equipment is very expensive and we can't afford the loss.

In conclusion, Mr. Davis says students interested in joining the technical crew must maintain a C average and have taken a radio/tv or electronics course. Serious minded students that can work well with others will go on a trial bases to see if they can comprehend simple instructions.

MR. GERALD HOFBAUER

Mr. Gerald Hofbauer, a member of the American Technology department, became a teacher because several of his college teachers encouraged him.

Prior to his decision to teach, he was a business and aviation major. He attended Loop Junior College, University of Illinois-Champaign, Chicago State University, and Governors State University. Mr. Hofbauer has three class objectives: 1. teaching the theories of electronics, 2. motivating his students in the field of electronics, and 3. to help the students decide whether or not to go on to college or trade school. His overall day-to-day routine is getting students to their work stations and follow the semester syllabus.

Mr. Hofbauer has a long-range goal for himself. He wishes to become a commercial pilot. As a whole, he says Julian has a well-rounded group of young people geared towards the electronic new wave of the future.

Officer Silverman has been working at Julian for five years, and with the police force for fourteen years. She was inspired to join the force after she read an article about a police woman when she was nine years old. She enjoys being a police officer because it is a different type of job where the woman has to be aggressive. She also loves working at Julian with the youth division nine months out of the year.

Officer Silverman says there are no problems being a female police officer except getting the same respect as a male.

Hence, she was forced to do social work. Fortunately, Ms. Wyatt receives gratification from helping people learn problem solving techniques for themselves. These techniques carry over into other facets of their lives. Ms. Wyatt has no problem getting along with people she works with, because she understands normal emotions. Yet, she does get angry when someone is doing themselves an injustice.

Accolades To The Best

The Catalyst staff and the entire Julian Family would like to congratulate the varsity football team and their coaches for such a brilliant performance on the field and in the court room. Jaguar pride was exemplified through their determination. Coach Smith and his staff have done a magnificent job producing six city championship teams in the short history of Julian High School.

This Season the Jaguars were disqualified from the state playoffs because of an alleged ineligible player. However, they didn't accept defeat. Instead the Jaguars continued to prepare and took the matter to court. On Tuesday, November 6, 1984, The Jaguars won an unprecedented U.S. District Court victory, and were reinstated to the playoffs the day before they were scheduled to play. Unfortunately, the bid for the state championship.

Nevertheless, the accomplishments of this team will be remembered and cherished. To Coach Smith, His coaching staff and his team, "YOU HAVE SHOWN US THAT WE MUST STAND UP FOR WHAT WE BELIEVE IN. THANK YOU FOR A FANTASTIC SEASON."

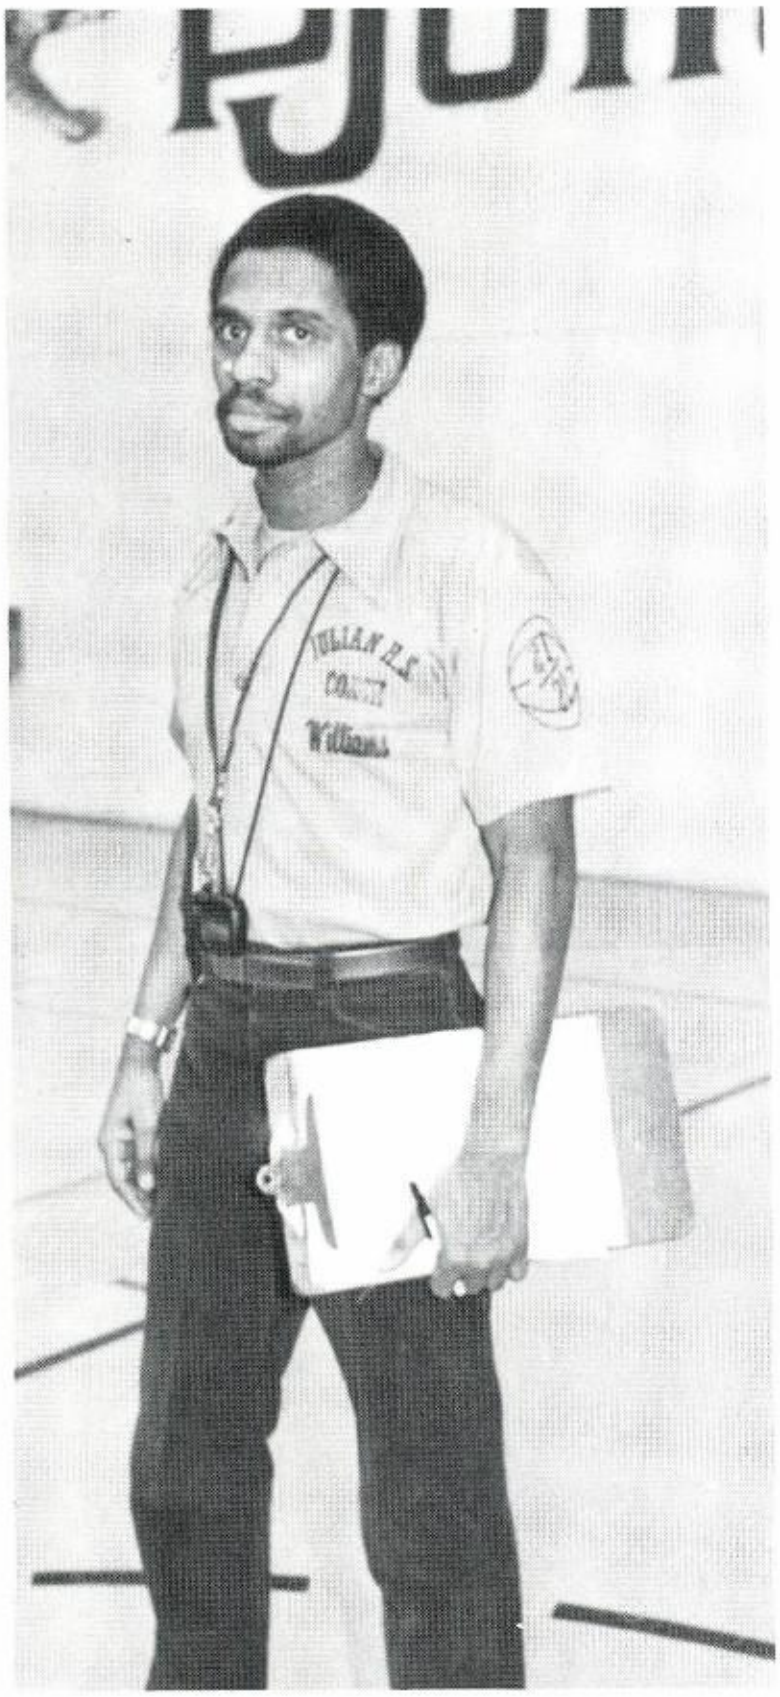
1985 JULIAN JAGUAR



Since being appointed head coach of the Julian Jaguar's basketball squad. Coach Don Williams has made some changes. Coach Williams is responsible for the new look the jaguars have. And most importantly for the new sophisticated motion offense that has contributed to the successes of the season. Coach Williams, once a high school all-state, stresses "Unity and Pride" to his team. After coming off a 15-14 record last year the jaguars have a 14-2 at mid-season. The jaguars are truly on the move. Thanks to Coach Williams.

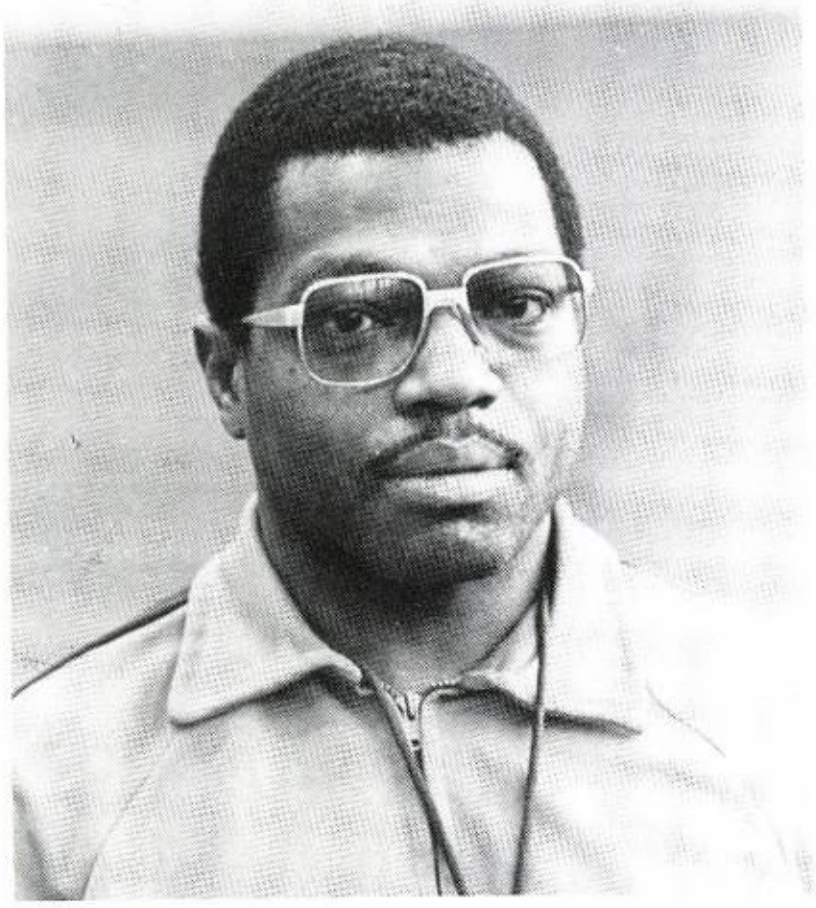
SOUTH SECTION CHAMPS



Coach Johnson

Coach Johnson, head coach of our South Section Champs has been coaching for seven years. He has been head coach for three years and has a thirty-three member team with a record of twelve and one. When asked if his team enhanced themselves this year, he replied, "This is one of the best teams I have ever had." Johnson says in order to become a wrestler, you must have natural access, determination, spirit, and the rest will be taught. You must master at least 3 major subjects and maintain a "C" average. The determination of our Wrestling Jaguars has led them to their second South Section Championship.

WE INTERRUPT THESE UNDERCLASS MUGSHOTS TO BID A SWEET FAREWELL TO OUR ONE AND ONLY *BENECIA R. WILLIAMS.*

Mrs. Benecia R. Williams, as well as being a great wife, mother, teacher, advisor, and confidant, was a great instigator. (That's what made class so much fun.) I hope this message doesn't sound like Mrs. Williams has died or anything macabre but you all know that she has retired to live a life of luxury and peace. (Far away from Julian students, especially the yearbook staff!) Well Benecia we will miss you very, very much and we are absolutely sure you will miss us.

We wish you all the happiness in the world 'cause God knows you deserve it! Good luck and best wishes in all your endeavors.

Love Always,
The 1985 Catalyst Staff
P.S. See Ya!!

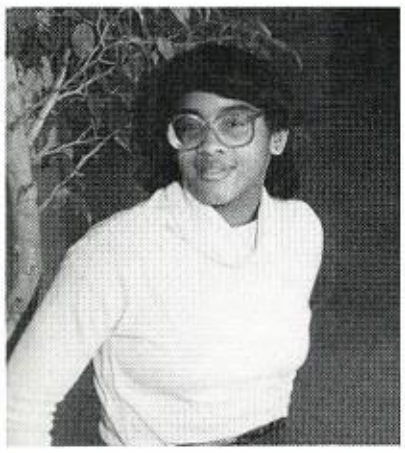
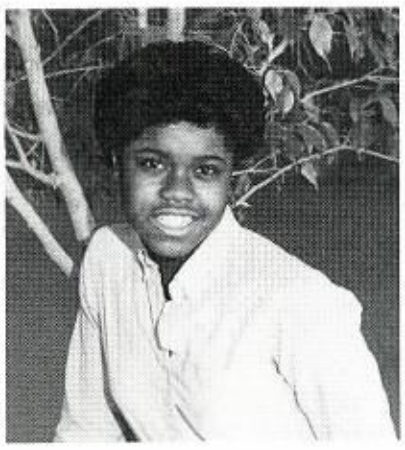
TOP TEN FRESHMEN



DIANA DUMAS of division 825 describes her freshman year as hectic, educational, and social. She describes Julian as crowded, helpful, and adventurous. Diana didn't think she would be in the top ten, but it was one of her goals. Diana chose to attend Julain H.S. because of the strong academic and interesting extracurricular programs.

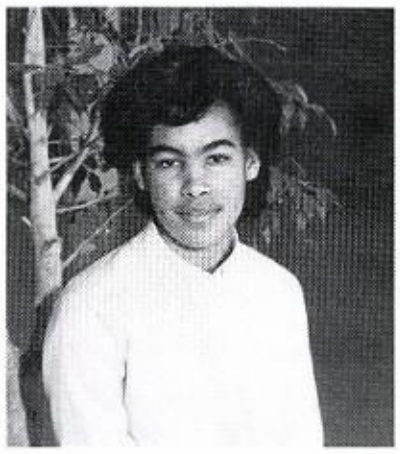
ANDREA FRAZIER of division 826 came to Julian because she wanted a good education. She describes her freshmen year as exciting and fun. Andrea didn't think she would be in the top ten, but she said she always strives for the best. Andrea's goals for the future are to become a computer analyst and to work with many different computers.



LATANYA JENNINGS of division 812 thinks to make good grades you must have good study habits. She describes her freshman year as difficult and exciting. She wanted to be in the top ten, but she didn't think she would be able to do it. Latanya says being in high school means taking another step up the educational ladder.

RAQUEL McGILL of division 825 decided to attend Julian because the Staff is the best in the city. She describes her freshman year as terrifying, fun, and full of educational experiences. She describes Julian H.S. as big, crowded, and friendly. Being a freshman means she has one more goal to achieve.

CARLA NORFLEET of division 831 feels that high school is easier than grammar school because there is more freedom. Carla describes her freshman year as challenging, very social, and exciting. Her future goal is to become a psychologist. Carla didn't think she would be in the top ten, but she knew she would be hitting the books.



NICOLE PORTIS of division 831 has learned since being in high school not to be dependent on others and to strive for the best. She describes her freshman year as different, mellow and stupendous. Nicole did not really know she would be in the top ten, but she had a feeling she would rank high.

ARLENE STEPHENS of division 835 describes her freshman year as educational and exciting. She believes she will be successful in whatever she does. To Arlene being a freshman means being a beginner. She said she didn't have the slightest idea she would be in the top ten, but she wanted to do well.

DEMITRICE TURNER of division 834 describes her freshman year as beneficial, challenging, and rewarding. To Demitrice Julian H.S. is exciting, and full of spirit. Her goals for the future are to finish high school with honors, go to college, and major in accounting. To Demitrice being a freshman means starting over with a new goal to achieve.

MINA WELLS of division 825 has realized that high school requires more responsibilities at one time, and that one must work hard to be on top. Mina describes her freshman year as exciting, enjoyable, and educational. Mina said she didn't expect to be in the top ten, but she knew she would be in the top twenty.

ANGELA WILLIAMS of division 813 believes in working hard and keeping up with her lessons. She describes her freshman year as fun and challenging. Angela describes Julian as exciting and busy. She said she felt she would be in the top ten because she works hard at whatever she does.

TO MINE WHO ARE LEAVING

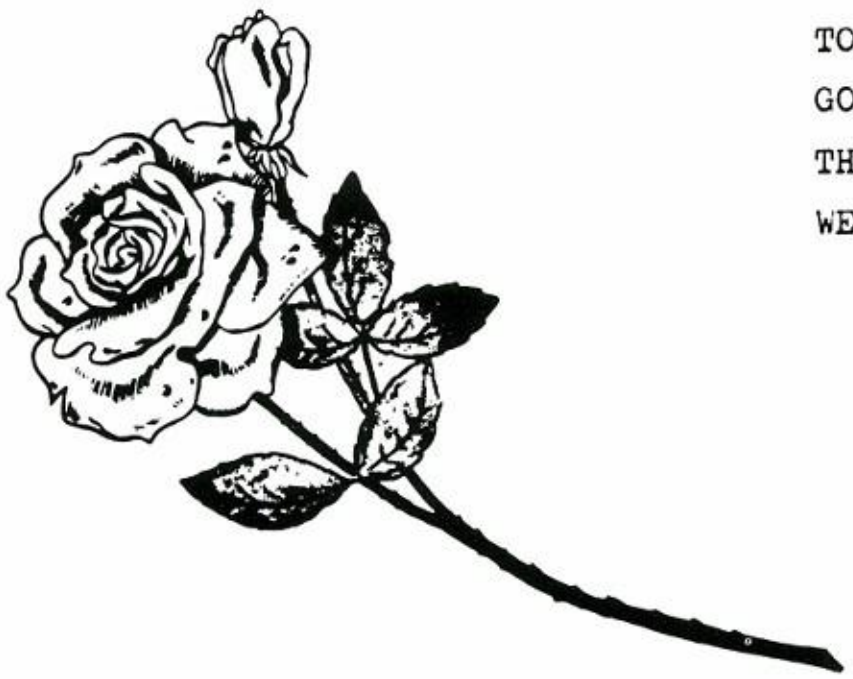
TO MINE WHO ARE LEAVING
TIME HAS BEEN REAL GOOD TO US
AND AS WE GO OUR SEPARATE WAYS
IT IS BECAUSE WE MUST

I SHALL ALWAYS REMEMBER EACH OF YOU
AND I'LL MISS YOU VERY MUCH
AND WHATEVER PATH YOU CHOOSE TO TROD
I HOPE WE'LL KEEP IN TOUCH

YOU CHEERED AND DANCED WITH EXCELLENCE
YOU PLAYED WITH SO MUCH PRIDE
AND EVERY TIME YOU TOOK A STEP
I WAS RIGHT THERE BY YOUR SIDE

TO MINE WHO ARE LEAVING
YOU REACHED A HIGH PLATEAU
YOU MADE ME SO VERY PROUD
AND I DO LOVE YOU SO

NOW TIME DIVIDES OUR GIVEN PATHS
IT DEEMS THAT WE MUST PART
BUT I SHALL HOLD EACH ONE OF YOU
VERY DEAR AND CLOSE TO MY HEART



TO MINE WHO ARE LEAVING
GO WITH GOD, AND I SHALL PRAY
THAT NO MATTER WHERE HE LEADS US
WE WILL MEET AGAIN SOMEDAY.

SINCERELY,
